

Hello, Crossroads Family and Community!

My name is Ryan Davis and I am very excited to be joining Crossroads Preparatory Academy! My role will be as an Assistant Principal. This school year also happens to be my first year at CPA. However, I am excited to be joining such a fantastic and caring community. I look forward to getting to know students and their families over the next few months.

I am originally from a very small town (population of less than 400) in the great state of Wisconsin, but have called Kansas City my home for the past nine years. After graduating high school I attended the University of Wisconsin - Stevens Point where I majored in both Elementary and Special Education. Following graduation my journey took me to Milwaukee, Wisconsin where I was a middle school Special Education teacher for 3 years. In the summer of 2016 I packed up all my belongings and moved to KCMO knowing only one person. For the past 8 years I have worked at a neighboring charter school as a Special Education teacher. It was during this time that I gained a passion for leading others as a grade level chair and a department chair. In 2019, I enrolled in graduate school at the University of Kansas and completed my Education Administration degree in 2021.

Outside of school I enjoy spending time with friends, facetimeing with my family, reading or listening to podcasts (on 2x speed to save time), watching any of my favorite professional sports teams, listening to music, and enjoying all that the Kansas City area has to offer!

I am very excited to be joining the Crossroads Preparatory Academy team, and even more excited to be an Assistant Principal. I look forward to building relationships with all students and their families! Let's have a great school year!

All the best,

Ryan Davis
