Base Compensation 12-Month Academic Model

Our 12-Month Staff Model of compensation is a salary schedule with steps assigned to each position based on their internal equity and external market factors. Movement and placement of an employee on the salary schedule is reviewed by the compensation committee and based on several factors including, but not limited to, experience, skills, individual performance, market value of the position, advancement in education level that adds value to the position, and increased job duties or responsibilities. Having or obtaining a Doctorate or Specialist degree will result in one additional step increase for the initial placement on the salary scale. Salary changes are implemented at the beginning of each fiscal year. Staff will be notified of their specific increase in advance of the effective date.

Staff members that anticipate receiving an advanced degree by September 30th which may impact their placement on the salary scale; must notify Human Resources by May 1st and provide an official transcript showing the degree conferred or the new degree must be listed on the DESE website. Salaries ranges will remain the same for future years unless notified of a different salary range.

We strive to provide an environment where you can thrive by providing you opportunities to participate in your own growth and development. You not only have a voice in our specialized programming, but your voice is also an integral part of our overall performance model when setting goals and delivering high quality education to students in a way that makes an impact.

Since the work environment is impacted by the relationships with those around you, we're also proud to offer a Culture Committee that hosts voluntary activities throughout the year, such as game nights. The school also celebrates our hard-working staff with various appreciation events including a holiday party and staff breakfasts.

We hope that you will help add value to the culture of Crossroads when you join our team.
